Digital blood pressure monitor

Blood pressure monitoring: now on platform

- Comfort and Convenience
- Connect to Nabz Ava platform for blood pressure history and telemedicine
- Preliminary blood pressure analysis on platform
- Large-sized cuff suitable for all users

About This Device

Nabz health station

Integration of healthcare monitoring gadgets into one station

- Bridging telemedicine gaps
- Acquire ECG, PCG, BP, SPO2, and other clinical data in less than 10 minutes.
- Provide video instructions to be operated by the user independently
- Transmission of health data instantly to a doctor for review
- Record health information on secure personal cloud space
- EHR Supported
- Family-Oriented

About This Device

Portable Ultrasound Device

A perfect medical companion

- Portable
- Full touch screen display
- Supports B, M, and B+M modes
- Linear probes support both Compound and Trapezoid imaging modes
- High quality
- Battery & AD/DC adaptor powered (2 modes)
- Curved & Linear Scanning
